Oronogo Flower Gardens   Carterville, Mo.
Benjamin C. Auten   Fall, 1942

For offerings of peonies, irises, and other plants, see my 1941 list.

Tulips and miscellaneous bulbs I cannot supply this year.

Of narcissi I could not dig a consistent market list. I have on hand a miscellaneous assortment of odds and ends, mostly in mixed sizes, some only in mixed smaller sizes. At the "each" price I will send a good blooming bulb, or its equivalent in one that may be of blooming size, and enough additional in smaller bulbs more than to make the value. The pound rates give much more ultimate value for the money than regular blooming bulbs at regular prices, because so many more of them, though not so many blooms the first year. This offer of any variety holds only so long as I have bulbs available of that variety above what I need for my own planting.

All prices include postage. Missouri customers will please include 2% additional for the sales tax.

At 60c per bulb: **Fantin LaTour.**

At 16c per bulb: **Thalia, Sirdar, Lady Margaret Boscawen, Prospector, Beppy.**

At 10c per bulb: **Martha, Bath's Flame, Sequin, Bernardino, Campernelle Giganteus, Ivernia, Double Campernelle, Campernelle, Campernelle Rugulosus, Gloria Mundi, Citriona, Masterpiece.**

At 10c per bulb, $1.00 per lb. A quarter-pound of a variety may be ordered: **Tullus Hostilius, Mixture, Thelma, Red Beacon, Children's Mixture, "Yellow Biflorus," Beacon, Minerva, Ornatus, Maximus, Buttonhole, name-lost Poeticus (choice), Golden Sceptre, Buttercup, Goldfinch, Cassandra, Greenheart, "Tiny White" Leedsii, Canary Eye, Glitter, Oriflamme.**

Buttercup I can furnish in considerable quantity, and a fair amount of several others. If interested, write for quantity quotations, giving names of the varieties that may be wanted.

Jerusalem Artichoke: Five to eight feet tall, dainty single sunflowers in profusion in late summer and fall. 1 for 10c, 4 for 25c.
